Directors' report
for the year ended 31 December 2010

The directors present their report and the audited financial statements for the year ended 31 December 2010.

Principal activity and business review

The principal activity of the company continues to be that of the management of the residential area at Kilminchy. The company's performance is consistent with prior years with revenue being generated through service fees charged to each residential owner. The fee is calculated on a flat fee basis agreed at the Annual General Meeting. The directors are not expecting to make any significant changes in the nature of the business in the near future.

Results

The excess of income over expenditure for the financial year amounted to €39,095 (2009: €39086)

Principal risks and uncertainties

There are considerable funds outstanding to the company in respect of fees and late payment charges, however the directors are confident that all these amounts are recoverable in full and that debt collection in the future should not pose a serious risk to the operation of the company. The company is currently pursuing a number of unpaid up members through the courts and are confident that all outstanding fees will be collected in due course.

Important events since the year end

As mentioned above the company is pursuing through the courts a number of unpaid up members in respect of outstanding management fees and late payment charges. The directors are confident based on the opinions of their legal team that they will be able to collect all outstanding arrears which were agreed at the last Annual General Meeting held by the members.

Directors of the Company

Dermot Lee, Declan Culliton & Jim McDonald retire from the board by rotation in accordance with the Articles of Association and, being eligible, offer themselves for re-election.

Incorporation/Limited Liability

The company is limited by guarantee and does not have a share capital.

Books of Account

The measures taken by the directors to ensure compliance with the requirements of Section 202, Companies Act, 1990, regarding proper books of account are the implementation of necessary policies and procedures for recording transactions, the employment of competent accounting personnel and appropriate expertise and the provision of adequate resources to the financial function. The books of account of the company are maintained at the Registered Office.

Statement of Directors' responsibilities for the members' financial statements

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable Irish law and Generally Accepted Accounting Practice in Ireland including the accounting standards issued by the Accounting Standards Board and published by the Institute of Certified Public Accountants in Ireland.

Irish company law requires the directors to prepare financial statements for each financial period which give a true and fair view of the state of affairs of the company and of the surplus or deficit of the company for that period.

In preparing those financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently
- make judgements and estimates that are reasonable and prudent
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors confirm that they have complied with the above requirements in preparing the financial statements.

The directors are responsible for keeping proper books of account which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure the financial statements are prepared in accordance with accounting standards generally accepted in Ireland and with Irish statute comprising the Companies Acts 1963 to 2009.

They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Where financial statements are to be published on the web, the directors are responsible for the maintenance and integrity of the corporate and financial information included on the company's website. Legislation in Ireland governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

In so far as the directors are aware:

- there is no relevant audit information (information needed by the company's auditors in connection with preparing their report) of which the company's auditors are unaware, and
- the directors have taken all the steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the company's auditors are aware of that information.
